Fellow Educator:

I'm writing to inform you of a youth motivational speaker we brought to Blue Springs High School last month. As school administrators, we receive numerous advertisements and opportunities all claiming to benefit our students. I understand the importance of making the right choice that offers the greatest positive impact on our schools. I thought you would appreciate this recommendation as an educator.

His name is Brandon Lee White and he is based out of Kansas City. The topic he speaks on is one of having a positive attitude and taking ownership of the opportunities in school and life. He also speaks on anti-bullying and other topics if you're interested in those as well. His presentation was phenomenal, and the student and staff response was outstanding. Our students are still talking about his presentation, which is the ultimate testimony! Many have said that they were dreading having a motivational speaker, but Brandon had them hooked within the first 30 seconds. I would without reservation recommend Brandon's presentation to any school that is focused on delivering a positive message and motivating their student body to "own it".

Student Testimonies:

"You honestly just gave the best assembly and I'm super pumped and inspired and wowie!"

"I didn't watch the assembly today and feel that I kind of missed out."

"I just wanted to thank you for coming to Blue Springs. Honestly, before you came on stage I thought it was going to be the worst time of my life, but you quickly changed that with the way you came out and had fun and made me laugh. Being a person who constantly over thinks and like to stay in my comfort zone and not really venture to try different things, you helped me with that. I want to be able to think and be outside of my comfort zone. Thank you!"

You can find more information at www.brandonleewhite.com.

Have a great school year!

Sincerely,

Bob Jerome
Blue Springs High School
Principal
